ReVive RANGE

phs ReVive **MAXI** XTRA **and MAXI** DISCREET

Green looks good on you.

The new ReVive Washroom range featuring bins made from 100% recycled content and the industry's only recycled hand dryer with fire retardant and antimicrobial properties.

These nappy disposal units offer a hygienic, sustainable, and practical way to manage nappy waste. They are made from 100% recycled plastic and are also fully recycled at the end of their life.

KEY FEATURES

- Hands-Free Pedal Operation – Minimises contact and reduces the risk of cross-infection.
- Hygienic Treatment – Cleaned with **phs** Bio sanitiser spray at every service, proven to kill 99.9% of bacteria and viruses.
- Odour Control Technology – Smart-sealing lid, privacy flaps, and odour capture pads included as standard.
- Durable Construction – Strong, long-lasting build for heavy daily use.
- Accessible Design – Braille text included on the lid.
- Sustainable Disposal – Waste diverted from landfill to Energy from Waste facilities as part of the **phs** LifeCycle Strategy.

BENEFITS

- Part of the **phs** ReVive Range – Constructed from 100% recycled plastic, recycled at end of life.
- Sustainable Disposal – Through the **phs** LifeCycle Strategy, nappy waste is diverted from landfill into Energy from Waste facilities, generating renewable energy.
- Compliant & Inclusive – Fully compliant with waste regulations, featuring braille text on the lid as standard.

Sustainable Disposal

As part of the **phs** LifeCycle Strategy, collected waste is diverted from landfill and sent to Energy from Waste facilities, where it is transformed into renewable energy for the national grid, supporting businesses to meet ESG targets while avoiding rising landfill tax costs.

Fully compliant

phs are fully licensed and compliant with all waste management regulations including Duty of Care. A full auditable waste trail is provided, offering peace of mind that your sites' waste is being dealt with safely and with respect for the environment.
