ReVive RANGE

phs SELECT SOAP DISPENSER

Dispensers that don't cost the earth.

I am **70%** Recycled

RECYCLED RECYCLABLE RECYCLED RECYCLABLE

The new ReVive Washroom range featuring disposal units made from 100% recycled content and the industry's only recycled hand dryer with fire retardant and antimicrobial properties.

The **phs** Select Soap Dispenser delivers the perfect balance of hygiene, practicality, and sustainability.

KEY FEATURES

- Part of the ReVive Recycled Range – Made from strong, durable recycled plastic, supporting sustainability goals and reducing environmental impact.
- Economical Performance – Provides 2,000 doses of liquid soap or 3,333 doses of foam soap per refill for cost efficiency and reduced waste.
- Hygienic Design – Features a non-clog, non-drip valve and antimicrobial protection proven to reduce the spread of germs including E. coli, MRSA, and Salmonella.

Economical Refils

The soap refill pouch has been designed to be economical. The unique male and female connector of this dispenser means soap pouch can be changed without needing to dispose of the pump.

Part of the **phs ReVive** family range

BENEFITS

- Environmentally Responsible – As part of the ReVive recycled washroom range, it helps organisations reduce waste and lower their carbon footprint.
- Exceptional Hygiene – Antimicrobial protection and tamper-proof hygiene measures minimise the risk of cross-contamination, ensuring safer washrooms.
- Cost-Effective Solution – High dose counts mean fewer refills, reduced soap consumption, and lower running costs.
- Practical & Reliable – Sturdy construction and a drip-free valve ensure the dispenser performs consistently in busy environments.
- Ideal for Sensitive Settings – Perfect for food preparation, healthcare, education, and professional environments where both hygiene and sustainability matter.

Choose from liquid for foam soap:

Number of doses	Top-up (1L)
Liquid	2000
Foam	3333
