Sharps Disposal for Clinical Infectious Waste

Orange Waste Stream

EWC Codes:

180101
180103*
180201
180202*
200199

Safe and secure disposal units with a tailored waste management service. These units are for the disposal of sharps waste in the orange waste stream.

BENEFITS

- All units are fully compliant with UN 3291 and ISO 23907-1:2019 standards.
- **phs** will supply suitable containers, with a tailored disposal service.

Compliant and secure

Made from durable material, and fully complaint with UN 3291 and ISO 23907-1:2019 standards.

Environmental benefits

This disposal unit can help you reduce your carbon footprint, as every container is made from up to 100% recycled material.

Fully serviced

All waste units from **phs** are provided with a tailored service agreement to ensure safe and compliant waste disposal.

On every service visit, waste is safely taken away for disposal and the in-situ unit is exchanged for a new unit.
